Messrs, Lippman Brothers, Savannah, Ga.:
Gertlemen,—I have had rheumatism about two months during last winter: was confined to my room most of the time. I saw an advertisement in the Saline Courier recommending P. P. P. as a cure for rheumatism. I bought three bottles, but before I got through with the third bottle I was cured, and have not felt the least effect of rheumatism since. It is undoubtedly the best remedy for rheumatism I ever tried. I can cheerfully recommend it to the public. Yours truly.

The number of prospectors and explorers for minerals is greater than ever before in the State, and more analysis and practical tests of minerals have been made, all with fine results."
